

DISASTER ASSISTANCE FUNDING AVAILABLE

Has your property been damaged (i.e. basement flooding) as a result of excessive wind or rainfall this summer?

The Town of Kindersley is working with Kindersley insurance providers to determine if the community qualifies for funding assistance through the Provincial Disaster Assistance Program (PDAP).

For information about PDAP, visit <https://www.saskatchewan.ca/residents/environment-public-health-and-safety/provincial-disaster-assistance-program>

If you have an uninsurable claim, there may be provincial financial assistance available.

Please contact your insurance provider or broker immediately if your property has sustained any weather-related damage so that this information may be passed on to the Town of Kindersley for the application.
